# STEAM in the Park and Science Wednesdays

We had the #ScienceWednesdays session outdoors yesterday, and set up microscopes & mini-scope on a table by the garden. These photos are crab apple blossoms and dandelions.

# Roxbury Heritage Park

In 2019, after a major renovation, DCR re-opened the Roxbury Heritage Park, a state park with natural tie-ins to the Southwest Corridor Park.

The Agricultural Hall's Urban Agriculture Fair was held at the Roxbury Heritage Park this summer. We had a Southwest Corridor Park table at the event, sharing information about the park.

# Ruggles / NEU / Carter

Our connection with Northeastern University's Community Advisory Board is an important part of our networking.

Got through my first budget at the State House last week - check out our graphics below and press release in the comments!

I am proud to report we passed a budget that invests in our district, including \$50K for the Community Music Center of Boston, \$25K for the South End Library, \$25K for the Boston Health Care for the Homeless Program and \$12K for the Muddy River Cleanup project. Thank you House Speaker Robert A. DeLeo & State Representative Aaron Michlewitz for your leadership. I'm especially excited about working with Tenants' Development Corporation & PMAC to designate a garden in the section of The Southwest Corridor Park in honor of Mary Longley. Other House budget highlights include strategic investments in programs for affordable housing, prescription drugs for seniors, MassHealth senior care, SNAP, veteran disability services, early education & transportation.

To the Senate we go! #bospoli #mapoli

**unitedsouthend** Last night, we had a STEAM Showcase to highlight the amazing work the club48 kids have done this summer. We explored themes such as "Let it Grow", "Animal Adventures", "Outer Space" and "In Motion". Thanks to all of the families who stopped by to see these amazing works of art and interactive projects!

# PMAC Leadership Team / Re-Election

David Wean is chair of PMAC's bicycle/walking path subcommittee. He is an active cyclist, connected with many of the bicycle organizations and advocacy networks in the city, and lives in Roslindale. David has worked with subcommittee members and others to develop lists of potential improvements for the Southwest Corridor paths, including intersection improvements that we have shared with Boston Transportation Department and a striping & stenciling proposal which we have shared with DCR. David also took the lead in our work with Northeastern University along the path alongside Carter Playground and the ISEC science building and was PMAC's representative on the Casey/Arborway CAC.

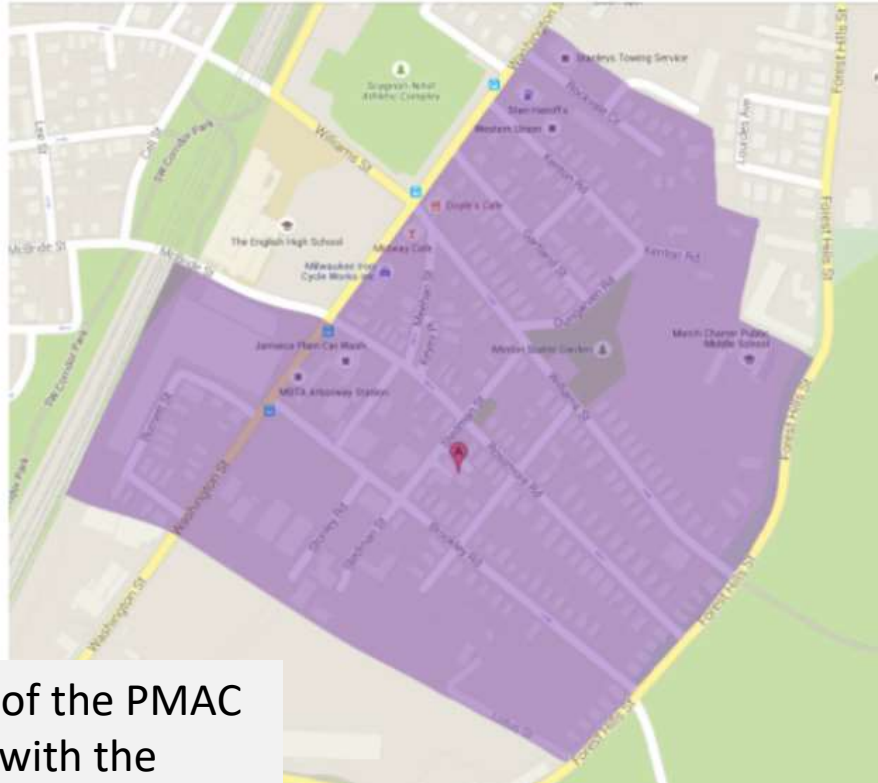

Tracy O'Brien, Co-Chair of PMAC, is the coordinator of the network of community gardens. The coordinators of the eleven community gardens manage the waiting list and plot assignments, collect dues, meet with gardeners, sponsor garden workdays and special events, troubleshoot issues, and work with DCR on maintenance issues. Tracy lives in JP and gardens in the Lawndale Community Garden.

The Stonybrook neighborhood is made up of the following streets: Brookley, Rossmore, Williams, Gartland, Kenton, Shurland, Dungarven, Stedman, Plainfield, Meehan, Stonley, Lotus, Burnett, Rockvale Circle, and neighboring portions of Forest Hills and Washington Streets.

Fred Vetterlein is a member of the PMAC Leadership Team and works with the Stony Brook Neighborhood Association (SNA) on neighborhood projects.

The Stony Brook Neighborhood Association covers streets near the Forest Hills and Green Street MBTA stations, along the southern end of the Southwest Corridor Park.

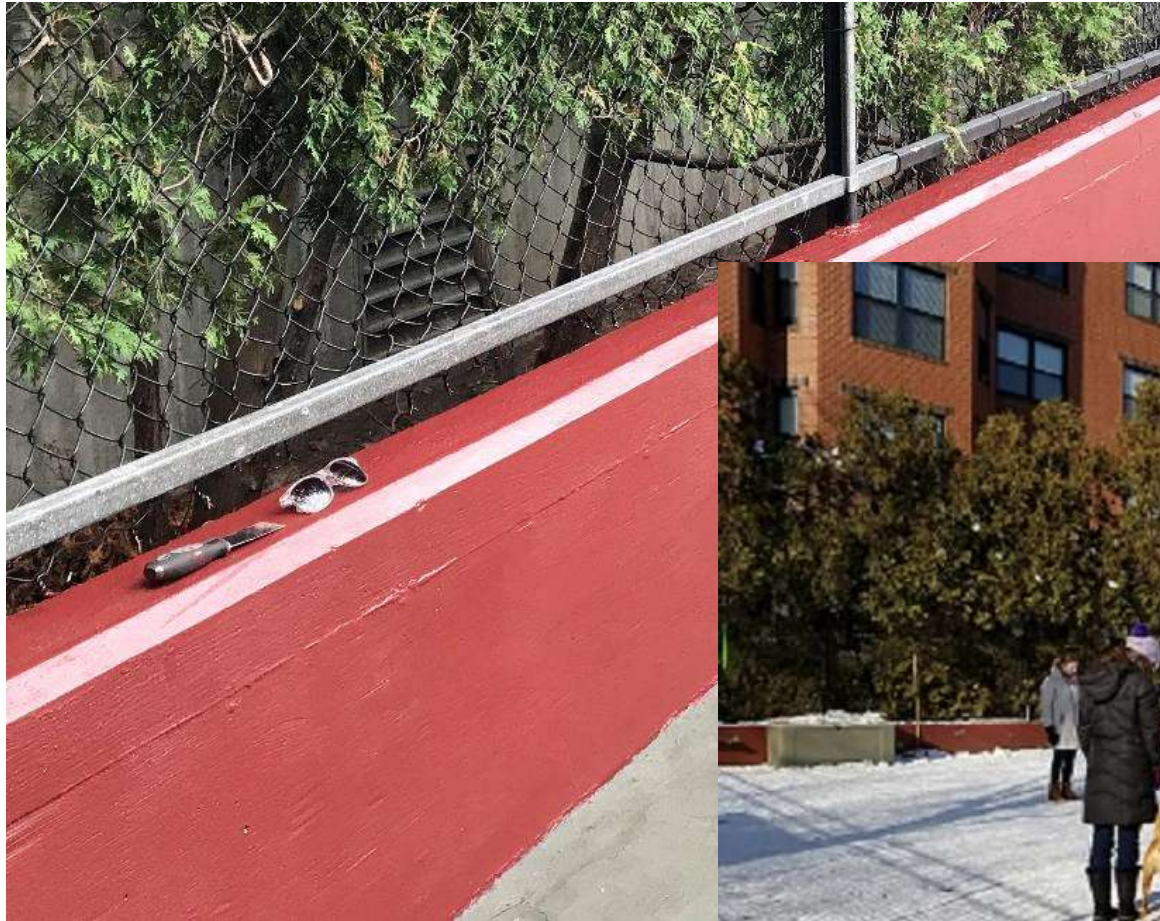

Jennifer Leonard, Co-Chair of PMAC, coordinates the children's programs at Jackson Square and the mini-grant initiative. Jennifer also represents the SWCP on the Northeastern University Community Advisory Board and the Mildred Hailey Apartments Tenant Association Partners meetings. She lives in Mission Hill and gardens in the Jackson Square and South End/Back Bay sections of the park.

Bob Barney is Secretary/Treasurer of PMAC and serves as the liaison between PMAC and the SWCPC. He has been active in working toward the Mary Longley Garden concept for Northampton Green. He lives in the South End and is president of the Claremont Neighborhood Association and active with the South End Forum.

Scott Romney represents the Carleton Court Dog Park on PMAC. Scott provides many hours of hands-on work in the park, providing garden stewardship as well as work in the dog park.

The Carleton Court Dog Park opened in 2006, and is volunteer-managed in partnership with DCR. The Friends of Carleton Court is headed by Marcia Sassoon and Scott Romney.

Franco Campanello is President of the Conservancy (SWCPC) and a member of the PMAC leadership team. Franco coordinates the volunteer network and the many volunteer days in the South End/Back Bay section of the park and dedicates hundreds of hours to hands-on work in the park. Franco lives and works in the South End.

# DCR Supervisor Pat Driscoll (with NEU Volunteers – Spring Service Day)
